

39. 글의 흐름으로 보아, 주어진 문장이 들어가기에 가장 적절한 곳은?

Of course it's an unwelcome visitor.

Those who choose to make adversity their friend don't enjoy hardship any more than the next person. But there is a world of difference between those who befriend adversity by overcoming it and learning from the experience, and those who give up at the first sign of an obstacle. (①) Adversity is going to happen, and usually in ways you could've never foreseen. (②) Knowing this, make a choice right now to look at adversity in a new light the next time it comes your way. (③) Though it may not look so friendly on the surface, realize that adversity is an ally and that it's here to teach you something of crucial importance. (④) But when it presents itself, treat the experience as a unique learning opportunity. (⑤) Here is your chance to impact positively your human capital development in ways that no seminar, class, or training session can even closely approximate.

간단해설

제시문의 it은 adversity를 가리키고, 그것이 환영받지 못하는 방문객이라고 부정적 진술함. 그리고 ④번 전에는 역경의 긍정적인 면을 서술함. 만약 제시문이 ④자리에 없다면, 그 다음의 but의 쓰임이 어색해짐. 즉, but 이후에도 역경의 긍정적인 면이 나오는데 ④에 제시문이 들어가지 않는다면 계속해서 역경의 긍정적인 면을 서술하게 되므로, but의 쓰임이 부적절하게 됨.
